Addendum No. 03

File Reference Number: RFP 2026 070

Title: Fabrication of Flooring Panel Kits

RE: Clarifications/Questions

QUESTIONS/CLARIFICATIONS:

Item 1: Schedule A - Schedule of Prices

Would ONTC advise if proponents can provide the HDO plywood material costs as a separate pricing component, given that plywood is a market-priced commodity and suppliers may be unable to hold plywood pricing firm for the full five-year contract term? The fabrication pricing would remain fixed for the duration of the contract.

Answer: Yes. Proponents are requested to provide HDO plywood material pricing based on the prevailing market price for Q4 2026. It is acknowledged that HDO plywood material pricing is subject to market fluctuations. Pricing applicable to deliveries after Q4 2026 will be based on the prevailing market price at the time of order or scheduled delivery, subject to verification by ONTC. Upon request, proponents may be required to provide supporting documentation substantiating HDO plywood market pricing.

Pricing for fabrication, finishing, packaging, and all other associated services shall be submitted as a fixed price and shall remain firm for the entire five-year contract term. Please see revised **Appendix E - Schedule of Prices (Addendum No. 03)**.

The RFP Documents have been revised and sections affected are noted below. The revised RFP sections supersede all previous RFP Document versions for the said documents.
